Dear Classmates and Friends:--

Sincere thanks to all who responded to the questionnaire in regard to personal lives over the past 50 years and how each in his/her own way interpreted our HHS Class of '23 Motto of "STRIVE TO WIN!"

Noted for its teamwork and unity, without giving up an iota of individuality while at Howard High, we, the committee coordinating this re-union would assume from the letters received that these factors have become a way of life. Our Congratulations!

CLASS OF 1923

CLASS MOTTO: "Strive to Win"
CLASS COLORS: Blue and Gold
CLASS FLOWER: Rose

CLASS ODE

To the Tune of "A Perfect Day"
Words by Mildred P. Alden

As we come to the end of our High School Days,
And we think of the days that are past,
While we now start out on Life's different ways
To the goal which we'll reach at last.
What tomorrow will bring that is bright or sad
Thru hardship that will be ours,
We'll only remember the joys we've had
On that road of thorns and flowers.

The sun is now low on our High School life
And we stand in the mist and the dark,
Straight ahead lies the road with problems rife
Which success or defeat will mark;
But morn'ry will e'er breathe a tender sigh
When we far away may rove,
To the days we have spent at this Howard High
And the dear friends that we love!

CLASS OFFICERS

Julius Hayward, President
Marian Porter, Vice-President
Clara Thayer, Treasurer
Lena Toomey, Secretary

Was there something prophetic when the "History" was given on June 21, 1923 by (the late) Elizabeth A. Yuill who noted "To my dismay, I found that all the historical material referring to the class had been destroyed." Approximately a quarter-century later old Howard High School burned to the ground.

However, there will be once more a "Howard School" as the Town of West Bridgewater has purchased the 17-plus acres and this year bids will go out for renovation and addition to the classroom building. M.E. MacD.

To the Class of 1923 of the University of Michigan

As we stand on the edge of the new world, and we think of the days that are gone, we realize we now stand on the edge of a new world, a world which we will never see again. To the past which we will never see again, and to the future which we will never see again, we will only remember the days we lived. On that road of the past and the future.

The sun is now low on our high school life and we stand in the past and the future. Straight ahead the road with no turning back. Which avenue of life will lead us to our goal? We can only hope that we have spent of this life well and that our friends and we have.
